

### ANRC-P18A0DL0

Reflector Antenna, 18.0", Ka-band

#### Features

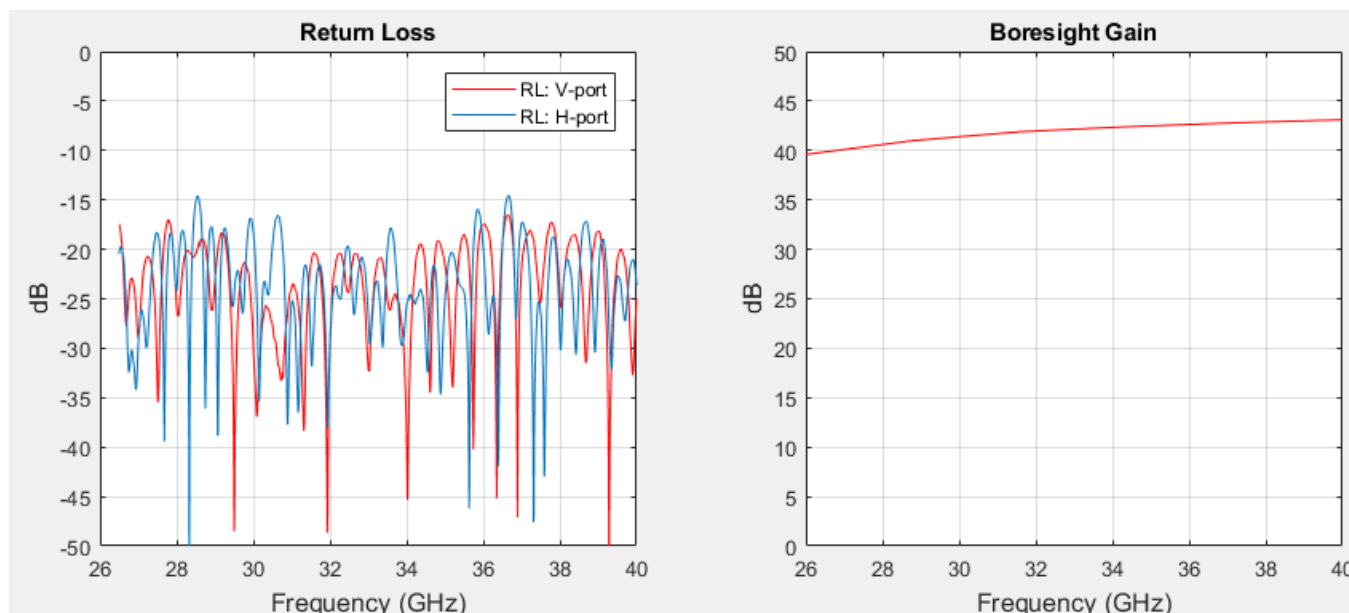

- Full Ka-band Coverage
- Maximum Gain Application
- Horn Cover for Outdoor Use

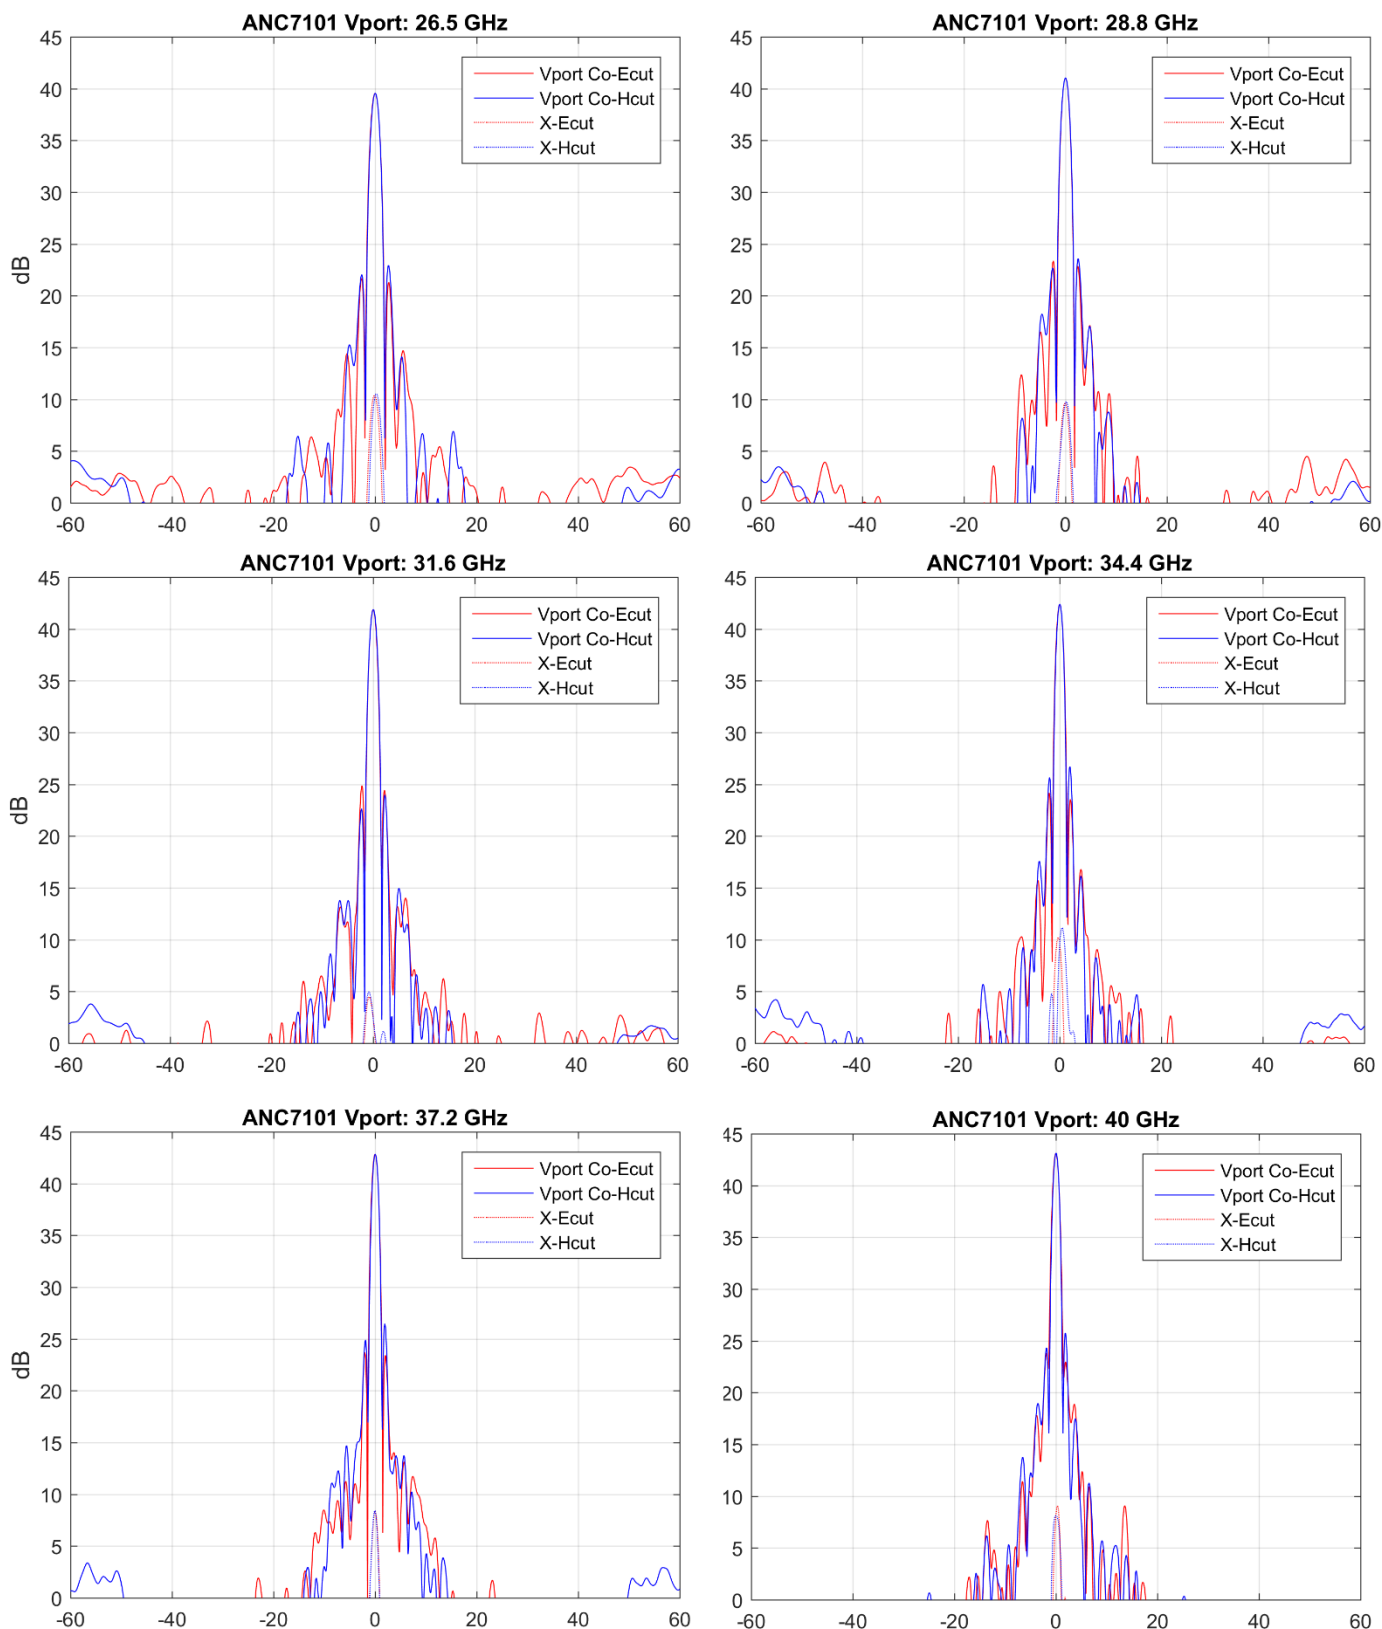

#### Electrical Specification

|                 |                 |
|-----------------|-----------------|
| Frequency       | 26.0 – 40.0 GHz |
| Gain            | 42 dBi          |
| Beamwidth       | 1.5 x 1.5 deg   |
| Polarization    | Linear          |
| Ports Isolation | 40 dB           |
| Input Ports     | WR-28, UG-599/U |

#### Typical Test Data

### Radiation Pattern
